POPULATION OF URBAN CENTRES OF 5,000 AND OVER

POPULATION DES CENTRES URBAINS DE 5,000 ET PLUS

Final population counts of the 1966 Census are presented in this report for all incorporated cities, towns, and villages of 5,000 and over, as well as for the metropolitan areas of those cities so defined for census purposes. Comparative totals are shown for the previous 1961 Census.

More detailed counts of population for all organized municipal subdivisions will be issued at a later date as part of the regular volume series of final reports of the 1966 Census. The purpose of this advance report is to make available summary totals for the larger urban centres at the earliest possible date.

Le présent rapport contient les chiffres définitifs d'après le recensement de 1966 de la population des cités, villes et villages constitués de 5,000 habitants et plus, de même que des zones métropolitaines telles qu'elles sont défi-nies pour les fins du recensement. Il contient aussi les chiffres comparatifs du recensement précédent de 1961.

Des chiffres plus détaillés pour toutes les subdivisions municipales organisées seront publiés plus tard dans la série régulière de volumes contenant les résultats définitifs du recensement de 1966. L'objet du présent rapport est de faire connaître aussitôt que possible les chiffres relatifs aux grands centres urbains.
